**Subject:** RE: Extension Request: 11/3/10, Response Requested by 11/20/10

Commissioner Ostendorff approves extensions with no reset for Items 1 and 2.

For Item 1, he approves a six month extension (three months for tech staff review and three months for legal review).

For Item 2, he approves the extension request conditional on the staff meeting the July 7, 2011 due date for SOARCA. In addition, if the PRA aspects of the combined paper could cause delays beyond the due date, the staff should provide the Commission with a SOARCA policy paper separately by the July 7, 2011 due date.
